Summer Time Reading

"Automatic Wealth - The 6 steps to Financial Independence" by Michael Masterson is on our "must-read" list! This self-made millionaire shows you how to develop wealth building skills and habits of your own to achieve financial independence. Except for the authors views on stocks, you'd almost think that Myron wrote this book.

It all starts by having a plan, a road map so to speak, of where you're going and when you're going to get there. He shows you how to attain millionaire status within seven to fifteen years. If that sounds all too familiar, then maybe it's because you've taken Myrons Financial Independence class (If it doesn't, then maybe you should).

Other chapters in the book are "Radically Increase Your Income", Get Richer While You Sleep" and "Retire Early". He writes "as your net worth compounds ... you'll have the ability to make more choices ... including the freedom to stop working."

Leverage League Winners!

Congratulations to our 2004-2005 Leverage League "bull trophy" winners! If you're a graduate of our Financial Independence courses, you're eligible to participate in our investment club.

We meet every second Monday evening from September to June.

Myron

We had our final meeting / awards dinner banquet at the Prime Minister restaurant in Northbrook where we awarded the top three finishers. We compete to see how big you can grow a (fake) \$10,000 investment in nine months.

The season started out with twenty-five traders. By May, we were down to only six traders

that were still in contention for the coveted first place trophy.

Myron Gaylord did it again! He took first place for the 8th time in the last thirteen years! He turned his portfolio into \$1,094,672. He only made four trades during the entire year. The last two trades were for 200 contracts of the Nasdaq index and 600 contracts of Crude oil futures. (that's why we call it the LEVERAGE LEAGUE - when you guess right, you get a big swing!)

Sidney Joseph also did outstanding! He took second place with \$1,053,635. He only traded three times. The last trade was for 242 contracts of the Dow Jones Index Futures. Sidney also won a third place trophy back in 2001.

Adella Zunas who took third place this year surprised us all by turning her portfolio into \$688,218. She usually trades conservatively in just a few stocks and rarely turns her portfolio into over \$30,000 (She took 2nd place

(Continued on back page)

Leverage League Winners! (Continued)

Sidney

in 1993 and 3rd place in 2000 and 1992 with this strategy). But this year she jumped into futures trading big time and it paid off!

If you're interested in joining us in the upcoming season, just give Keith a call at (847) 824-4078 to be put on our club mailing list.

Adella
